WELCOME

Welcome to the Casey Cardinia Libraries' winter events guide.

What better way to seek inspiration during the colder months than heading indoors to the warmth of your local library?

This season our libraries are positively bursting with activities for people of all ages. It is fantastic to see the way the community is responding to our revamped program and voting with their feet. We love it when people visit our libraries, have a good time and leave energised and enthused.

At Casey Cardinia Libraries we will always celebrate our books and their readers – we get tingles when we see people browse the shelves in search of the irresistible page turner. We like it even more when people borrow things and depart with large bundles under their arms.

It is people that give our libraries meaning and purpose. Our role is to inspire you to read more, exercise your imagination and turn your dreams into reality.

Read on and reflect on what's possible at your local library.
