Multiple week programs can be designed from existing topics or to suit customer requests. Please reach out with your session ideas we can suggest a program outline with complimentary courses.

In addition to the above courses we can also deliver Tech Help Drop-Ins, with staff members in residence for a fixed time to respond to on demand questions.

Connected Libraries can provide access to Wi-Fi, laptops, tablets and iPads during the programs. Participants with their own equipment are encouraged to use their devices where they can for improved learning outcomes.

For enquiries or to book a course contact email: [information@connectedlibraries.org.au](mailto:information@connectedlibraries.org.au)

The Digital Literacy for Seniors Program is funded by the Victorian State Government – Jobs, Precincts and Regions Department with support from City of Casey.
